Shockwave Motors began in 2006. After several years of research and development, they have created two test roadsters and formed a corporation. They have also completed all of the necessary requirements for their SAE national and international certifications as a motorcycle manufacturer. Shockwave Motors is focused on the triple bottom-line of People, Planet, and Profit.

John McMillian, "At Shockwave Motors, we make electric cars cool by providing a high performance electric roadster that is pollution free, economical, and fun to drive. Our sporty, three-passenger roadster has a daily range of up to 200 miles."

[Tennessee Veterans Business Association](#) is a non-profit membership trade association that is dedicated exclusively to the interests of veterans in business. The foundation of the organization is built on four cornerstones: marketing, government advocacy, education and training, and veteran employment issues.

[Vanquish Worldwide](#) provides a complete range of services and solutions to commercial and government customers across the world. These services benefit and enhance local economies while improving the quality of life for the people and communities they serve.

[Shockwave Motors, Inc.](#) is a values-based, technology driven, certified electric vehicle (motorcycle) manufacturer. The electric roadsters manufactured by Shockwave Motors are an innovative combination of the best of today's technology and sleek, aerodynamic styling.
